HOW I DO WHAT I DO

Dufflet Rosenberg: How sweet it is

This baker's secret? A love of her craft, a lot of hard work and a determination to find her own style

Dufflet Rosenberg's legendary desserts have appeared on the Food Network and earned glowing citations in everything from *The New York Times* to the late Carol Shields' novel *Larry's Party*. But Toronto's meringue empress isn't resting on 27 years of sweet success. This fall she's taking Dufflet Pastries to shelves across Canada and the U.S. She spoke to Post writer Rosemary Poole at her factory in downtown Toronto this week.

Dufflet Rosenberg: "I probably enjoy a single devine just as much as a dessert that has four individual recipes and takes me days to prepare."
