### Grab + Go Desserts

After crafting all natural pastries and desserts for over thirty years, Dufflet's line of frozen desserts are fully baked and shipped frozen in individually packaged boxes designed for the retail market, making them easily portable from the freezer to the home. Grab + Go desserts flavours are inspired from Dufflet's most popular items from her legendary Queen Street café and are all natural; made with real creamery butter & unbleached flour and fine European chocolate, nuts, fruits & flavourings!

Effortless to merchandise, they are easily displayed in upright and bunker freezers and the colour packaging design attracts

spontaneous purchases and consumer interest. With several days of shelf-life after thawing, they also have the merchandising versatility to be placed in self-serve coolers.

Made with no artificial colours, flavours or preservatives; no hydrogenated fats or oils, this line is a perfect complement to bakery, deli, specialty grocery and 'hmr'; self-serve format.

Moderately sized, Grab + Go offers customers with busy lifestyles a 'small' premium dessert 'indulgence' otherwise typically available only as larger, full-service desserts.
